Elks #84 Awarded \$2000 ENF Beacon Grant

The Elks National Foundation has started a new program available to all Lodge across the country called the “Beacon Grant”. The purpose of the grant is that the project must be Elks sponsored and Elk members have to become involved. We were approached by Burlington Fire Chief Matt Trexel asking for some funds to purchase smoke detectors for low income families around the city. The officers got together and thought this would be a good program for our Lodge to become involved in. We will kick off the program during Fire Safety week which is October 7th through the 13th. We are always looking for volunteers to help with our projects, so if this interests you, please contact one of the Officers or Trustees at the Lodge.

The Beacon Grant is part of the Community Investments Program. The Elks National Foundation Community Investments Program invests \$8.5 million in Elks communities through Lodge grants that help Elks meet local needs. Elks use Community Investments Program grants to serve their communities. Through Community Investments Program grant projects, Elks show leadership through volunteerism, mentoring and service. Elks build stronger communities with Community Investments Program grants.

One of the many reasons you should donate to the Elks National Foundation for your lodge.
